“The education of our youth in a safe and inclusive environment is of extreme importance in our ever-changing global world. Students must be prepared for post-secondary school career paths with foundational knowledge that will guide them to further education, the work force or the military. Public education must be delivered to all students regardless of their religion, ethnic background or sexual identity.”

Children First Action Fund is a nonpartisan organization that works to ensure that all children, especially those burdened by poverty and adversity, have the best chance of reaching their full potential. We work on both sides of the aisle, in a non-partisan fashion, to help elected officials learn what it takes for children to succeed and persuade them to support our legislative measures.
