

## School Board Member Candidate Survey: 2023

Additional comments provided by: Tom Cook

“I disagree with the notion that the most important job of a school Board is to ensure that students meet state standards. That is the job of the administration of the school. The school board needs to provide structure and promote policies that allow the administration and professional educators to ensure that students receive the best possible education.”

Children First Action Fund is a nonpartisan organization that works to ensure that all children, especially those burdened by poverty and adversity, have the best chance of reaching their full potential. We work on both sides of the aisle, in a non-partisan fashion, to help elected officials learn what it takes for children to succeed and persuade them to support our legislative measures.
