

School Board Member Candidate Survey: 2023

Additional comments provided by: Paul Morse

Question 6: The most important job of a school board member is to make sure students are meeting state academic standards in schools where they are safe and nurtured. Do you agree or disagree that this is the most important focus of your position on the school board?

“The last question says meet state standards. However we should exceed state standards in many areas and be the best we can be. As for Tech eduCation this is a neglected area that needs to be emphasized.”
