"Meeting State academic standards" is a tricky one. We currently do too much standardized testing, particularly in 8th grade. So while I believe in having State standards that public and charter schools should meet, I also believe our State's approach to those standards needs improvement. I wholeheartedly agree with students feeling safe and nurtured in their school environment."

Children First Action Fund is a nonpartisan organization that works to ensure that all children, especially those burdened by poverty and adversity, have the best chance of reaching their full potential. We work on both sides of the aisle, in a non-partisan fashion, to help elected officials learn what it takes for children to succeed and persuade them to support our legislative measures.
